

ANCIENT WORDS – TIMELESS MESSAGE

Have you ever wondered where God is – especially when the world around you seems to be falling apart? Have you ever asked the biggest three letter question – WHY? – as you see a world so broken, so falling apart and wonder how a good God could let bad things happen? These are questions familiar to everyone who believes in God yet is troubled by a world which ignores or defies the existence of God. If you have ever asked these questions, you should know that people have asked them for a long, long time. One of these questioners was the ancient Hebrew prophet Habakkuk who watched his people suffer unspeakable horrors from the armies of a pagan nation. Why? He wondered – over and over again. Why does God let this happen?

The little book of Habakkuk asks hard questions of God. And the answers God provided this troubled prophet still speak to people today who live in a world filled with turmoil and wait for the time which God has promised to surely, certainly come. As the Apostle quoted in both Romans and Galatians, Habakkuk's challenge for the people of God involves living by faith. What does this mean? How can we apply this message to our lives?

We will ask and answer these and other questions during our journey through the book of Habakkuk. Join us in exploring the ancient words of this compelling prophet to see and hear how this timeless message speaks even to us in the year 2026!
